Dear Parents/Guardians:

In the event of a nuclear incident, students will remain in our building and under our care until you or your designee arrive, because our Glenmoor location is outside the 10-mile Plume Exposure Pathway Zone (EPZ).

If a nuclear incident at the Beaver Valley Power Station requires the evacuation of our students during the school day, you or someone designated by you will be required to come directly to ASA and pick up your child. Any students remaining in our building after 8:00 PM will be bused to Columbiana County Career and Technical Center/David Anderson High School, Lisbon, OH. These are the host schools; students will be accompanied by school personnel. Parents and legal guardians will be requested to pick up their children at the host school. Emergency cancellations and host school will be announced by the same method we use on snow days. The stations to listen to are WKBN TV 27 in Youngstown, and WTOV Channel 9 in Steubenville; the One Call system will also be utilized. These arrangements have been set-up by the Emergency Management Agency of Columbiana County.

We are concerned that any evacuation be safe and orderly, that accurate attendance be maintained, and that parents/guardians are reunited with students as quickly as possible. Do not rush. Keep school driveways and roads accessible. Drive safely. Your child will be waiting for you under our supervision. In order to insure their safety, children may **only** be released to parents or their designee. Please complete the attached checklist and potassium iodide form below.
